

DANIELSON AND PUTNAM NEWS

DANIELSON

It was definitely announced Monday morning that Deputy Sheriff Charles E. Ayer is to retain his appointment as dog warden of Killingly and is not to be succeeded by Dr. F. W. Page, as was announced during the past week, through a misunderstanding.

William E. Keach, 64, died suddenly during the early hours of Monday at his home on the West Side. When Mr. Keach did not respond to a call for breakfast, his room was entered and it was found that he had died during the night, sometime between midnight and 6 a. m.

While Mr. Keach had not been in good health for a number of years and during the past year had been more afflicted than ever, he was able to be about every day and on Sunday evening returned from a week end trip to Boston, where he attended a baseball game, being an ardent lover of the "national pastime," and visited with relatives.

Mr. Keach was born in Danielson, the son of Lucius and Mary Brown Keach. His education was obtained in local schools and later he entered the mill business, in which he was to be more than ordinarily successful. He remained in Danielson as an employee of the Quinebaug company until he became 31 years of age and then went to Rhode Island, in mill towns of which state his ability attracted deserved recognition and the advancement that was an incident thereto. Eventually Mr. Keach became general superintendent of the Grant Yarn mills at Pittsburg, Mass., a very important position, and he successfully discharged the many duties of the position until his health became impaired, whereupon he resigned and retired from active work, returning to Danielson to make his home. During the period of the war Mr. Keach was an employment manager.

Mr. Keach was a man of strong personality and much interested in many questions of national scope. He was a staunch republican and during the last presidential campaign delivered addresses in behalf of the party's candidates for national and state offices. During the war he also talked at meetings in support of the government's war work. His death came as a great surprise and shock to his relatives and many friends. Mr. Keach leaves his wife, a daughter, Mrs. Maude Rich and a son, Elliott Keach.

ONLY THREE MEALS A DAY NOT ENOUGH

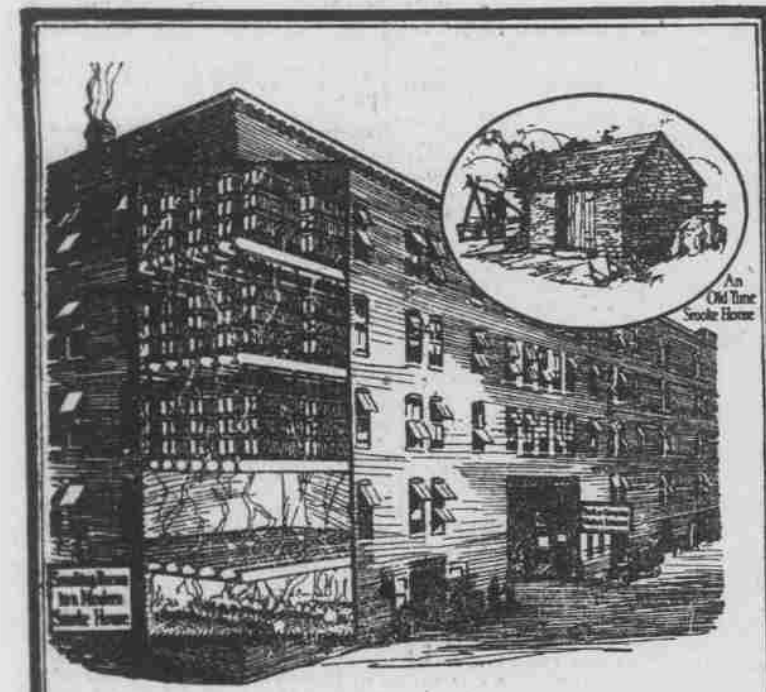

That's The Way Lovely Feels Since Tanlac Built Him Up

"Since I've been taking Tanlac my appetite is so good three meals a day, are not enough for me," said Fred Lovell, an employee of the American Express Company, residing at 55 Ann St., Hartford, Conn.

For about three years my health was very poor. I had a spell of grippe which left me in pretty bad shape, and I kept feeling run down and miserable right on up until I got Tanlac a few weeks ago. I lost my appetite entirely, and was eating so little I lost weight steadily. Even the little I did eat I had to eat up with gas and kept me distressed and uncomfortable for hours. I suffered from constipation and had terrible headaches two or three times a week. I was very nervous, and just turned and tossed at night, hardly getting any sleep at all, and getting up mornings more tired than on going to bed.

But from the time I started on Tanlac I could feel myself growing stronger and better every day. I am eating just anything I want now, and everything agrees with me so well I've gained several pounds in weight. I never suffer from constipation or headaches, and sleep like a log every night. In fact, I'm in the shape again, and since I owe my good health to Tanlac, I just can't say enough for it.

Tanlac is sold in Norwich by The National Drug Stores Corp.

In Earlier Days

In former times, when the town butcher or farmer himself dressed and cured the meat for the community, he could not always tell how it would turn out.

His methods were crude; partly traditional, partly guesswork. His tests were few and inconclusive.

Meat packing of today, as carried on by Swift & Company, has changed all that. It is scientific. Nothing is left to chance; nothing taken for granted.

The most painstaking care and attention are given to every step. Processes are worked out on a large scale with minute exactness. Methods are continually revised and improved. Cleanliness is insisted upon. Drastic, incessant inspections are the order of the day.

Swift products are uniform, graded according to quality.

Take bacon, for instance.

Swift & Company set out years ago to make a delicious, savory bacon which should be uniformly excellent.

The result is Swift's Premium Bacon, always the same, always famously good. Today this bacon, wrapped, sealed and branded, has circled the world.

Swift & Company's system of distribution carries it to places which the "town butcher" or the farmer could not reach.

weather swept out of the northwest during Monday and made the day delightful. During the afternoon the temperature dropped to 88 degrees.

Monday St. James' church, the feast of the Assumption, was observed. The special masses of the day were attended by hundreds of the members of the parish.

Miss Kathleen Burns, who recently returned from a trip to California, was a visitor Monday with relatives in Danielson.

Mr. and Mrs. Robert Jones and a party of friends returned from a motor trip to Quebec, St. Anne de Beaupre, Montreal, Aulais Chasms, Lake George, Lake Champlain and over the Molokai trail, covering 1,000 miles, on the trip.

An incident of the trip was a visit to the plants of the Canadian-Connecticut mills at Sherbrooke, P. Q.

Kingly citizens are very generally observing the quarantine regulations against dogs and very few of the animals are to be seen and at large in violation of the restraining requirements.

Nathan D. Wheeler, vice-president of the Hartford-Connecticut Trust Company, was a week-end visitor in Danielson.

The mills of the Quinebaug and Wauregan companies will close at noon Saturday for a period of two weeks during which repairs to gates and bulkheads at the plant will be undertaken. It is expected that these mills, which have run uninterruptedly during the past year of depression, will be completed so as to allow resumption of operations on the Tuesday after Labor day.

The great balloon contest, which was held by the mills here and Wauregan will be carried out by employees of the mills. Many more of the operatives welcome the two week vacation and have made plans for journeys into many sections of New England and Canada.

The wooden footbridge over the Assawamuck river has been inspected by an engineer and contractor with a view to putting it into the best condition. The structure is old and in bad condition. The hope of Riverview residents for several years past has been that the town might see its way clear to make a steel bridge over the river.

It seems certain that the new bridge, which closed their engagement here Saturday evening, will be the last permitted a week's stand in Danielson. There appears to be a very general sentiment among the business interests against permits being granted carnival companies for a week of appearance here.

The suggestion has been made that automobile drivers who would enter themselves in order to have protection from such possible holdups as was framed to be staged in this town last week should first obtain a permit to carry a revolver. Carrying concealed weapons is forbidden by law and the motorists who packs one even for his own protection is subject to arrest and prosecution unless he is provided with the necessary permit.

South Killingly people heard Monday that there is a possibility of work being undertaken this week on the construction of the state highway to Little Rock, but this could not be definitely determined. In connection with the fact that the contract for the construction of the highway eventually has been let, tribute could be paid to the effort expended with the highway commission by Senator Archibald Macdonald of Putnam and Representative Elbert L. Darble of Danielson in bringing about the result that has been achieved. Builders of this highly important stretch of highway, for years advocated in the Senate, at times rather strenuously, has in large measure been brought about at this time through the efforts of Senator Macdonald and Representative Darble and all who will benefit through the construction of the road will be deeply grateful to them.

Near the Percy Bliven place at South Killingly a force of men from A. T. and T. company worked all Sunday night in replacing a snarl of the underground New York-Boston telephone cable, which had become damaged through being struck by a shock in the hands of a laborer on construction work underway. It is estimated that the cost of replacing the length of cable was approximately \$3,000.

A Washington newspaper has republished, under a Danielson date, a story that originally appeared in a Hartford paper dealing in a very facetious manner with the subject of girls in Danielson hobnobbing their hair and otherwise doing up in order to keep the borough's young men from going out of the territory looking for wives. Evidently the original story was intended for light entertainment along the line of summer reading. The matter has been taken seriously in the national capital.

Danbury.—The losses in books owned by the Danbury library are above the average this year, according to figures compiled by Miss Mary B. Wiggin, librarian. Up to date a total of 30 books borrowed by subscribers have not been returned.

SCIENCE CAN NOW END CORNS

Such Troubles Are Out-of-Date. Millions Know This Now

A famous expert, years ago, solved the whole corn problem.

The method is Blue-Jay—the plaster or the liquid. It stops pain instantly. Soon the whole corn gently loosens and comes out.

Now folks who pare or pad corns do themselves injustice. So do users of old methods, harsh and crude.

Blue-Jay is modern. It is approved by authorities. It is easy, simple, quick and sure.

Just apply it and forget it, and what what becomes of the corn. After that, you will never let a corn pain twice.

Your druggist has Liquid or Plaster Blue-Jay

Stops Pain Instantly Ends Corns Quickly

PUTNAM

At a special city meeting held Monday the citizens of Putnam voted to appropriate \$2,000 to be used for laying a bituminous macadam pavement on Canal street, northerly of Pomfret street, and the installation of a curbing on the east side of the highway. The vote, which was by ballot, was 139 to 155. There was considerable interest in this matter, which accounts for the unusually large number of voters cast at this special meeting. Fifty-three women voters were at the polls.

At the same meeting, by acclamation, it was voted to appropriate \$100 for the purpose of constructing an underground concrete sewer pit across Arch street. This appropriation is the result of a recommendation made by City Engineer George W. Perry at a meeting of the city council in July. The conditions now existing at the Arch street pit. It was stated after the city meeting Monday that work of installing the sewer, which will remove all solids, will be begun very soon.

The voters turned down a request for an appropriation of \$100 for the grading of Chapman street and installation of curbing on the north side. It was voted to appropriate \$61.50 for the reimbursement of Joseph A. Gagne, which sum is one-half of the cost of installing concrete curbing on his property on Woodstock avenue. For the reimbursement of Louis Wolf for similar work on Bradley street the sum of \$24.00 was appropriated. There were 40 citizens present to vote on these latter matters. The Canal street improvement will be generally welcomed by the citizens of Putnam. The city is one of the most heavily traveled. As it now is, it becomes thick with mud with every rainstorm, and during the early spring is often almost impassable. The appropriation covers paving for the square in front of the Smith & Walker store.

Judge Mahlon H. Geisler, accompanied by Mr. and Mrs. E. E. Rhodes of Thompson, left Putnam Monday for an automobile trip to the Catskills. Mrs. Janet Freeman of Roxbury, who has been the guest of her brother, Mrs. G. E. Johnson, at the home of Miss Mary Johnson, Grove street, returned home Monday. The trip was made by automobile. Miss Johnson, Mrs. Helen Willey and Mr. Johnson accompanied her, all of them returning to Putnam later in the day.

John John and family have moved from the house they have been occupying on Farrows street to a house on Church street.

Miss Florence Murray, Miss Isabel Murray and Miss Tina Murray left Putnam Sunday for a vacation at Pleasant Beach.

Miss Grace Murphy of Providence is the guest of Capt. and Mrs. John Buiger.

A ball game that for two innings resembled a match in water polo was played Sunday afternoon on Main street grounds between the Nightingales-Morse team and the Industrial Stars of New Britain. Putnam was the victor by 7 to 1.

During a considerable part of the contest the Nightingales looked more like ducks as they paddled from puddle to puddle. The Stars seemed to be afraid of the water, consequently fell easy victims both to the weather and to Courtney's pitching. At 11 o'clock Sunday morning Manager Ernest Lorrain announced that the Stars had accepted the challenge and the latter agreed to bring his team to this city and play, rain or shine.

Consequently the game started in a down-pour. The Stars seemed to be afraid of the water, consequently fell easy victims both to the weather and to Courtney's pitching. At 11 o'clock Sunday morning Manager Ernest Lorrain announced that the Stars had accepted the challenge and the latter agreed to bring his team to this city and play, rain or shine.

Friday afternoon on Main street grounds by the Nightingales-Morse, seconds, 15-7. Miss Alice Carron, a nurse at the Kimball hospital, is spending her vacation in Canada.

Frank Zieltara was before the city court Monday morning. Deputy Judge Archibald Macdonald, Jr., was on the bench in the absence of Judge Mahlon H. Geisler. Zieltara was brought into court by Probation Officer Peter A. Gardner, under whose care he has been since last March, when found guilty of non-support and ordered to contribute \$15 a week to his wife for her support and the support of their child. Zieltara paid until the latter part of May, when he stopped. He claimed he was sick and could not work. After June 20, Mr. Gardner said, Zieltara did not report to him as he had been instructed to do and became indignant at the officer when he called his attention to this fact one day when they met on the street. According to Mr. Gardner, Zieltara has not been contributing at all of late to his wife, who has had to work to support the family. Mrs. Zieltara testified that her husband has not been contributing at all of late to his wife for her support and the support of their child. Zieltara paid until the latter part of May, when he stopped. He claimed he was sick and could not work. After June 20, Mr. Gardner said, Zieltara did not report to him as he had been instructed to do and became indignant at the officer when he called his attention to this fact one day when they met on the street. According to Mr. Gardner, Zieltara has not been contributing at all of late to his wife, who has had to work to support the family. Mrs. Zieltara testified that her husband has not been contributing at all of late to his wife for her support and the support of their child. Zieltara paid until the latter part of May, when he stopped. He claimed he was sick and could not work. After June 20, Mr. Gardner said, Zieltara did not report to him as he had been instructed to do and became indignant at the officer when he called his attention to this fact one day when they met on the street. According to Mr. Gardner, Zieltara has not been contributing at all of late to his wife, who has had to work to support the family. Mrs. Zieltara testified that her husband has not been contributing at all of late to his wife for her support and the support of their child. Zieltara paid until the latter part of May, when he stopped. He claimed he was sick and could not work.
